# FOREWORD

by Dr. Lloyd John Ogilvie

The Bible is my constant companion. It is a source of courage in my deepest needs and the answer to my most urgent questions. Daily devotions in God's Word gives me strength in the ups and downs of life. It is the basis of my teaching and preaching, the main resource in my work with people. Listening to people and then listening to God for His guidance for them in the Bible is the purpose and passion of my life.

In preparing my sermons, I ask people to share their hurts and hopes, joys and sorrows. I ask them to tell me the greatest challenges they are facing and the most frustrating stresses they are enduring. Then I turn to the Scriptures for the most salient verses and passages to help them live the abundant life.

On my desk in my study, I have dozens of books to help me find the rich treasures of the Bible. Though I have spent most of my life in studying the Scriptures, I have only begun to penetrate its limitless resources for living. And so I have found Bible dictionaries, biblical encyclopedias, and cross-reference books on the words and themes of the Word of God to be very helpful. So often, as I juggled these many books, I've said, "Why doesn't someone put them all together in one volume?!"

And here it is. That's why I am so excited about the publication of *The Family Concordance to the Bible*. When I search the Scriptures about a particular theme or word, I want to know all that is available in all the passages and verses of the Bible. Some concordances help with lists of references, but give little assistance in understanding what the Bible says about a theme, place, word, or idea. This new concordance to the Bible provides us with the all-important, basic information about the Word of God in a way that no other book does. It defines the words the Bible uses. There is a convenient index to virtually every subject the Bible discusses. And it lists the places where we can find every word that is used in the King James Version. But whatever translation you use, you will find the references you need.

Because *The Family Concordance to the Bible* combines so many of the features of other books for help in Bible study, it will be an ideal volume for your home and library. You will find it so invaluable, you will want to keep it next to your Bible for ready reference in your daily devotions and study. With it you will be able to plumb

the depths of what the Bible really says. Whether you want to know about a person, place, subject, doctrine, theme, or idea—you will find that the index information provided will lead you quickly to the references, definitions, and related subjects you need. You will feel the excitement of discovering how the words and ideas of Scripture are intertwined. Suddenly the treasure chest of the Bible will be open for you to understand and live.

But *The Family Concordance to the Bible* is more than just a reference book to aid in the study of the Scriptures. It will also be a life-line in your devotional reading of the Bible. We all long to know God better and live life fully in fellowship with Him. He is the author of that need. It is His gift to draw us closer to Him. I find that this unique concordance offers us practical help. Whatever problems we're confronting, or spiritual dilemmas we're feeling, this volume helps us identify what the Bible says about them. We can identify the word which expresses our condition, look in the concordance, and then find the passages which will speak to our needs. Or when we feel gratitude, joy, or praise, we can find verses which maximize our thoughts and feelings. We can learn how to pray in the valleys and mountaintops of life. Our decisions will be guided by what the Bible actually says about the specific choices we have.

The great themes of the Christian life are included in this remarkable volume. Prayer. Worship. Repentance. Forgiveness. Thanksgiving. Salvation. The Bible's resources for facing life's bitterest moments are presented as well. Discouragement? Fear? Frustration? Sin and selfishness? Pride? Anxiety? Hopelessness? The Bible tells us what causes these painful times and what can be done to overcome them. This volume shows us what the Bible says and where it says it.

Whatever our problem or need, the Word of God points us to His power to live life triumphantly. And *The Family Concordance to the Bible* will help us discover exactly what the Bible teaches us about how to experience and live by His power.

You will cherish this volume as one of your most valued books. I am delighted that it is available to help us meet God, hear what He has to say to us, and live the many-splendored gift of life. I recommend it to you for your reading and study of the Word of God with enthusiasm!

# INTRODUCTION

Welcome to *The Family Concordance to the Bible*. It is a unique book, totally unlike any other reference hitherto available to the student of the Bible; it results from the dedicated labor of a specially chosen team of scholars and researchers. Between the covers of this book readers will find guidance in studying the Word of God as in no other book. Here—in just one volume—are all the features of a Bible concordance, a comprehensive biblical index and a Bible dictionary.

## WHAT IS THIS CONCORDANCE?

After a lifetime of experience in the fields of religious publishing and education, the editors of *Guideposts* and Thomas Nelson Publishers came to realize that many people tend to think of a concordance as a complicated, hard-to-use volume with small type, found only in pastors' offices, libraries or seminary classrooms.

While it is true that some concordances are baffling to the lay person, designed for use by only the serious scholar and theologian, the editors felt strongly that a great wellspring of spiritual guidance and inspiration was lying dormant. They determined to produce a clear and concise concordance that would be of everyday use to Bible readers everywhere. After years of meticulous, painstaking and devoted labor, *The Family Concordance to the Bible* is the result—a reference guide that will be forever treasured by people in all walks of life and in all countries the world over as they come to depend upon it for enriching and broadening their understanding of God's Word.

### A Bible Concordance

Quite simply, *The Family Concordance to the Bible* is an alphabetical listing of all the words in the King James Version of the Bible,<sup>1</sup> most with adjacent references that indicate in biblical order where each word can be found.

---

<sup>1</sup> Although this concordance is based on the King James Version of the Bible, it can be used with all Bible versions.

In the concordance, each reference cited is accompanied by a brief introductory phrase from the verse. For example, the entry *abroad* gives sixty cases of the use of the word in the Bible, beginning with Genesis 10:18 and ending with James 1:1.

**ABROAD**—*beyond the boundaries*  
of the Canaanites spread *a* . . . . Gen 10:18  
lest we be scattered *a* . . . . Gen 11:4  
the Lord scattered them *a* . . . . Gen 11:8  
the Lord scatter them *a* . . . . Gen 11:9  
he brought him forth *a* . . . . Gen 15:5  
people were scattered *a* . . . . Ex 5:12  
I will spread *a* my hands . . . . Ex 9:29  
Pharaoh and spread *a* his . . . . Ex 9:33

He hath dispersed *a* he . . . . 2Cor 9:9  
faith..God-ward is spread *a* . . . 1Thess 1:8  
tribes which..scattered *a* . . . . James 1:1

Not all references have been included. Actually, *abroad* appears eighty times in the King James Version of the Bible but because of the requirements of space, only those references that are the most widely known and familiar have been included. In addition, there are one hundred and thirty-two entry words in this concordance that carry no references because they are in such common usage that students of the Bible are not likely to refer to them in searching for a particular Scripture passage. These words are:

a	cast	is	place*	thing*

The asterisk (\*) following certain words indicates that additional forms of the word are also not indexed in the concordance.

This unique concordance is *also* a comprehensive biblical index *as well as* a Bible dictionary.

## A Biblical Index

A comprehensive biblical index gathers together information in a very different way than that of a concordance. The index is more concerned with the *ideas* of Scripture than it is with the *words* of Scripture. It lists verses by subject matter rather than by specific words. For instance, although Genesis 2:18–24 is an important passage about marriage, it does not contain the word *marriage*.

Many of the concepts of the Bible, its most treasured theological and doctrinal teachings, can best be described by words that may not even appear in Scripture; yet the truths expressed by these words constitute the very essence of the Bible. While the word *miracle(s)* appears only thirty-seven times in the Bible, examples of God's *miracle-working* power are found throughout. Following true biblical-index procedure, *The Family Concordance to the Bible* lists one hundred and sixty-one *miracles* recorded in Scripture, regardless of whether the word *miracle* occurs in the text or not.

Another example is found in the word *divination*, an attempt to foretell the future by occult means. The practice is not mentioned by name in the Bible, yet accounts of it occur in Ezekiel 13:6, 7; Deuteronomy 18:11, 12; Leviticus 20:6, 27; and Acts 16:16. Other simple examples of words that do not actually appear in the Bible but which, as subjects, are dwelt upon are *intolerance*, *trinity* and *backsliding*.

Often a student of the Bible has experienced the frustration of trying to locate a particular verse without success. Perhaps he or she has been in a discussion and the verse was needed quickly to demonstrate a point. Or perhaps the reader has been intrigued by the power of certain words—*love*, *faith*, *hope* and *salvation*, for instance—but was unable to locate their usage in the Bible. In the easy-to-understand format of this unique concordance, the answers are readily available; the student will never become discouraged by tiresome and fruitless search.

Further, the index is invaluable when one looks at whole categories such as *prophets*, illustrations of *faithfulness*, *animals*, or even a fascinating list of *first things*. And it proves that the mundane is not necessarily banal. What, for instance, do even the most devoted Biblical students know about topics such as *wagons* and *waterproofing*, *shoes and seals*, *locks and lunatics*, *employment* and *excuses*?

In addition, a comprehensive biblical index functions as a guide to the basic principles of life that are rooted in the Bible. *Blessings of God*, *prayer*, *integrity* and the *character of God's people* can be traced through the Bible, using this concordance.

Because *The Family Concordance to the Bible* contains all the features of a comprehensive biblical index, it will serve as a constant companion to the Bible reader. Further, it invites one to undertake a journey of exploration wherein at random, or even unexpectedly, the student will discover that the treasures of God's Word are opening to him or her in new and enriched profusion.

## A Bible Dictionary

A dictionary gives the background and meaning of words by providing their definitions, roots (etymologies) and pronunciation. *The Family Concordance to the Bible* does all of this.

pronunciation	ALPHEUS (ál-fē'ūs) — "leader, chief"	etymology
definitions	1. The father of Levi (Matthew) . . . . . Mark 2:14	
	2. The father of James . . . . . Matt 10:3 See CLEOPHAS

	Bronze . . . . . Ex 27:1-6	

The entry word is given first in all boldface capital letters. For proper names, this is followed by a pronunciation (See Guide to Pronunciation on page xv) in parentheses, and an etymology in quotation marks. The etymology gives the origin of the meaning of a proper name. When it is not included, the etymology of the word is not known. In the example above, the etymology of the name *Alpheus* is "leader" or "chief," but that does not tell who *Alpheus* was. The definition of the entry word can be found in either of two places: 1) in the biblical index portion. This is where definitions of proper names are usually placed, especially when one name designates more than one biblical character; 2) following the entry word itself and the pronunciation and etymology (if there is any). In this case the definition is set in italics.

With the concordance, index and dictionary features combined, this concordance will help the student maintain a balance in his or her study of the Scriptures. By not limiting itself to the words of only one version of the Bible, the biblical index portion helps the reader to explore the nature and meaning of subjects of far-reaching interest. However, because the concordance portion is based on the King James Version of the Bible, it provides reference to the most familiar words of the Bible. These features have been deliberately incorporated in the belief that the student of God's Word will derive richer insights the closer he or she is to the long-beloved usage of biblical terminology.

## THE ORGANIZATION OF THE CONCORDANCE

*The Family Concordance to the Bible* consists of one alphabetical list of entry words. The list includes words found in the Bible (e.g., *Lord*) and index concepts that are not found as words in the Bible (e.g., *trinity*). Therefore, after giving the dictionary information (entry word, pronunciation, etymology and definition), an entry may contain index information only, concordance information only, or a combination.

Notice that the index information is indented slightly while the concordance phrases are placed at the left margin. Moreover, the Bible references for the index portion are lined up farther to the left than those of the concordance references. The index portion always comes first when an entry includes both index and concordance information.

One especially helpful feature of *The Family Concordance to the Bible* is that a word and its cognates (related words) are listed together. For instance; *angel*, *angels*, *angel's* and *angels'*—or *look*, *looked*, *lookest*, *looketh*, *looking* and *looks*. The cognate words included in the concordance listing are indicated as follows:

	GIRD—to put on, as a belt
	<b>Purposes of:</b>
	Strengthening ..... Prov 31:17
	Supporting clothing ..... 2Kin 4:29
	<b>Figurative of:</b>
	Gladness ..... Ps 30:11
	Truth ..... Eph 6:14
	Readiness ..... 1Pet 1:13
	<b>Those girding:</b>
	Priests ..... Ex 28:4, 39
	Warriors ..... 1Sam 18:4
	Jesus ..... John 13:3, 4
cognates —————>	[also GIRDED, GIRDEDST, GIRDETH, GIRDING, GIRT]
	eat it; with your loins <i>g</i> ..... Ex 12:11
	and <i>g</i> him with the curious ..... Ex 29:5
	shalt <i>g</i> them with girdles ..... Ex 29:9
	and <i>g</i> him with the girdle ..... Lev 8:7

Because of this manner of listing related words, the Bible student does not have to check individual entries. In many concordances where cognates are not provided, the reader may look up a word but not succeed in locating the verse he or she wants because the verse actually contains not that word, but one related to it.

Still another unique feature of this concordance is the way in which it treats a word that has more than one meaning. Unless the various meanings are clearly differentiated, the Bible student may not gain the fullest appreciation of the truths they express. For instance, there is much difference between *fear* meaning "anxiety caused by approaching danger" and *fear* of God because of His majesty and holiness. This concordance, unlike others, separates the two usages. As another example, there are four specific *temples* mentioned in the Bible: Solomon's Temple, Zerubbabel's Temple, Herod's Temple and, metaphorically, the believer as the temple of God. Each of these temples is listed separately in this concordance.

Also, an extensive system of cross-references has been built into *The Family Concordance to the Bible*. This feature will enable the student to find information about a word that may not appear in its alphabetical order; sometimes the spelling that appears in the reader's Bible has been up-dated and the word therefore appears under another listing. For instance, older editions of the King James Version use the term *broidered* when the meaning is more accurately expressed by the spelling in modern editions *embroidered*. With the cross-reference, locating the proper listing is made simple.

## PERSONAL BIBLE STUDY USING THIS CONCORDANCE

Because the Bible is God's written Word, it is the believers' guide for life. A sincere study of the Bible deepens students' understandings of the God they love and worship and leads them to the highest appreciation of the salvation He has provided.

*The Family Concordance to the Bible* is the tool with which the Scriptures may be opened to the student's maturing comprehension and insight. It is not a replacement for the Bible itself. Every reference in this book refers to a specific passage in the Bible. It is wise to read the verses before and after the passage under study to gain an awareness of the historical background in which the text is set. "What did it mean then?" is a question every bit as important as "What does it mean to me today?"

### Character Study

Since God works through the lives and deeds of His people, an in-depth study of the individuals in the Bible reveals many essential truths about standards of conduct. These truths are given directly or indirectly, and they are presented to the reader in various forms: as inspiration, as warnings, as depictions of Christian principles of forgiveness and charity or as examples of wrong-doing, to suggest but a few.

A specific individual such as David may be studied with great benefit. A quick glance at the concordance portion of the listing for David reveals that his name is mentioned throughout the Bible. But the index portion provides a comprehensive outline of the life of David that could form the basis of an excellent study: his early life, his life under King Saul, his life as a fugitive hero, as king over Judah, king over all Israel, and the spiritual significance of David himself to following generations of believers. The biblical references given in both the index and the concordance sections can be brought together to fuel the study of David's life so that the reader may draw applications to his or her own experience.

The same method could be used to study the lives of many of the characters of the Bible: Aaron, Abraham, Moses, Paul, Peter, Solomon, and even the Lord Jesus Christ.

Another approach to the character study of people in the Bible would be the study of a group of people such as kings, prophets, judges, priests and women. In each category there are some individuals who walked closely with God, obeying His voice, and others who went on their own way, exerting their own will. Any of these groups of people could form the basis of a series of Bible studies.

Furthermore, on almost any page of this concordance reference is made to lesser-known personalities of the Bible. Diligent study of their lives, too, will be equally rewarding. Often they provide insights and encouragement that even the best-known characters do not. It is particularly interesting to study the etymologies of the names of these characters and compare those meanings with their actual lives.

Another interesting way to study the characters of the Bible is to consider those entries where a number of different people share the same name. For instance, nine men shared the name *Simon*; twenty-two men shared the name *Azariah*; fourteen men were named *Jonathan*.

## Doctrinal Study

The words *doctrine* and *theology* frequently raise anxiety in the mind of the Bible student. They have become weighted words, words that bear overtones of complexity and controversy. Actually they are very helpful words when properly understood. Simply put, doctrine gives substance and order to faith. Most of the questions that are raised about Christian truths are doctrinal questions and they can be studied by a tracing of their appearance through the Bible. Great doctrines of the Christian faith are listed in this concordance. For instance, the entry *salvation* identifies descriptions of the various kinds of salvation mentioned in Scripture: it lists the sources of salvation, gives a history of salvation throughout Scripture, shows the requirements of salvation, gives the blessings of salvation (both negative and positive), and shows the ways in which salvation affects the past, the present and the future. By consulting the index references *and* the concordance entries, the reader will be able to “flesh out” the bones of his or her understanding of the doctrine of salvation.

In the study of a given doctrine, the student will often find reference to other doctrines. For example, in the entry *grace*, the sources of grace are listed as salvation, the call of God, faith, justification, forgiveness and consolation. Most of these words are also entries in other parts of the concordance.

## Word Studies

A close examination of the words of Scripture will yield worthwhile fruit for the student's efforts. One interesting example is *long-suffering*. The index portion of this concordance describes God's long-suffering and the way in which a Christian is to manifest long-suffering. In referring to Galatians 5:22, the reader will find a list of the fruits of the Spirit, and it would be helpful for him or her to look at the entries for the other fruits of the Spirit as well. Those who do so will discover much about the loving qualities that God's Holy Spirit makes available to the Christian believer.

Topics such as *confession*, *fasting*, *prayer*, *praise of God*, *teaching* and *worship* offer the opportunity for profitable study. An examination of *confession of sin* might be approached in a number of ways: manifestations of confession of sin, the results of confession of sin, instances of confession of sin. A study of those individuals in the Bible who have confessed sin would be another exceedingly valuable project.

Many other programs of studies can be developed. Social customs, personal relationships, religious objects, and places of the Bible are examples of studies that one may pursue through the unique guidance of *The Family Concordance to the Bible*.

\* \* \* \* \*

The Publishers hope that the suggestions offered here will stimulate not only those students just beginning to study God's Word, but all believers everywhere. To fully understand God's Word requires a lifetime endeavor, and it is our prayer that *The Family Concordance to the Bible* will enrich every person who seeks to learn of Him and follow His way. If this concordance introduces even one Christian to the comfort and joy that may be known through reading and studying the Bible, the labor of love that went into the volume will have been richly rewarded.
